

Set up email in Outlook for Android mobile app

This article is for setting up your email account on the Outlook for Android app for the first time.

1.

Download and Install the Outlook for Android app from the Google Play Store and then open it. The icon looks like this:

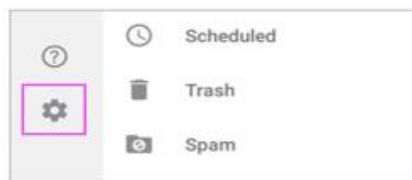

2.

If it is your first-time using Outlook, tap **Get Started**.

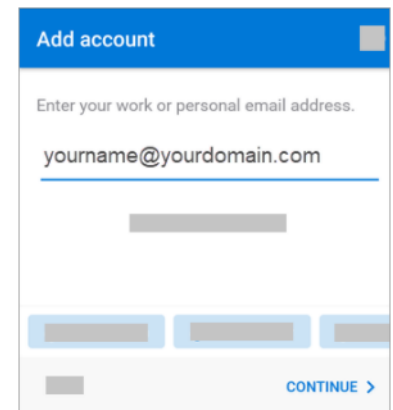

Otherwise, to add another email account, open

Menu ≡ > **Settings** ⚙ > **Add Account** > **Add Email Account**.

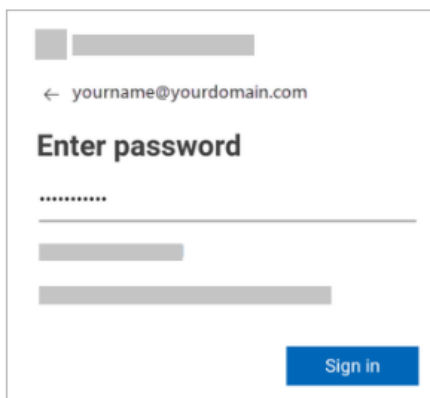

3.

4. Enter your full email address then tap continue.

4.

Enter your email account password and tap **Sign In** or **Next**.

5.

To increase security, your account was enabled with multi-factor authentication. Verify your identity.

Check your text messages and enter the 6-digit code, or use your Microsoft Authenticator App.
